

2019 CCR CERTIFICATION OF DISTRIBUTION FORM

PWS ID: LA1001022

NAME: SOUTH RAYNE WATER CORPORATION

The Consumer Confidence Report (CCR) must be delivered to your consumers by 06/30/2020 and certification must be submitted to the State no later than 09/30/2020.

The CCR must be distributed with a "good-faith effort" based on the population served by the Community Water System (CWS) as shown:

Population	Delivery Method
4080	Must mail or otherwise directly deliver one copy of the report to every customer or publish the report in one or more local newspapers serving the area (if publishing in newspaper, the CWS must mail a notice to the customers indicating the report will not be mailed and how to obtain a paper copy)

As an alternative to mailing the CCR, the CWS has the option of choosing an **electronic delivery method**. On the reverse side of this page, you will find options for electronic delivery that meet the "mail or otherwise directly deliver" requirement of the CCR Rule. If choosing to distribute the report electronically, you must check the option(s) used on the reverse side of this page and complete all required elements. You may also use a combination of the above delivery method and electronic delivery to reach all consumers.

The below noted community public water system confirms that its 2019 Consumer Confidence Report has been prepared and delivered to its consumers in accordance with the appropriate delivery method based on population served. Furthermore, the system certifies that the information contained in the report is correct and consistent with the compliance monitoring data previously submitted to the primacy agency as well as fulfilling all CCR requirements of CFR Title 40, Part 141.
